FY 2003 Programs in Guam

The USDA Forest Service (FS) and the Department of the Interior (DOI) agencies are in the third year of successful implementation of National Fire Plan (NFP) activities. The NFP was developed in August 2000, following a landmark wildland fire season, with the intent of actively responding to severe wildland fires and their impacts to communities while assuring sufficient firefighting capacity for the future. The NFP addresses five key points: Firefighting, Rehabilitation, Hazardous Fuels Reduction, Community Assistance, and Accountability.

USDA / DOI	Actual 2002	**Estimated 2003
Preparedness	925,855	
Operations		
Suppression*		
Hazardous Fuel	400,129	
Rehabilitation	246,457	
Fire Facilities	43,903	
Research and Development	15,965	
Joint Fire Sciences	0	0
Forest Health Management	11,974	573
State Fire Assistance	77,828	
Volunteer Fire Assistance /Rural Fire Assistance	23,229	
Economic Action Program	12,472	
Community and Private Assistance	34,923	
TOTAL	2,889,791	573

** Actual funding will be displayed in the 2003 Annual Performance Report.

Fire Preparedness and Facilities

- Preparedness Resources
 ≠# USDA Forest Service will maintain preparedness resources at the 2002 level.

Rehabilitation

- Rehabilitation consists of 1) immediate actions to reduce threats to public safety, property and natural and cultural resources, and 2) long-term actions to help restore healthy ecosystems and replace infrastructure damaged by fire.
- DOI funding will cover ecological stabilization, reforestation (seeding, cultural protection invasive species, contour tree felling, monitoring).
- USDA Forest Service funding will be used to improve overall watershed condition and restore severely burned forests and rangelands. Projects include reforestation, watershed restoration, road and trail rehabilitation, fish and wildlife habitat restoration, planting and seeding and preventing invasive plants.

Community Assistance

- State Fire Assistance (FS): Estimated funding – \$223,843

Accountability

- DOI and USDA Forest Service developed a uniform set of performance measures to assess program effectiveness for FY 2003 and FY 2004 program measurement.

- DOI and USDA Forest Service, with input from the National Association of State Foresters, developed action plans for nearly all of the 23 tasks in the Implementation Plan for the 10-Year Comprehensive Strategy. The State Foresters and their partners are continuing to develop field guidance for fuels reduction projects.
- DOI and USDA Forest Service developed the National Fire Plan Operations and Reporting System (NFPORS), a common data collection and reporting system for gathering project plans and accomplishments.
